Terrain, maps

14.05

The terrain used for the events is the old historical centre of the city, built between XV and XIX centuries. The competition area includes ancient defence constructions, Novgorod Kremlin, city park and settlements. There are slopes up to 10 m height.

The latest existing map was issued at 2012 (NB! not in ISSOM symbols).

15.05

City Settlement of XIX-XX centuries. Low-story buildings R r r
(Traffic along the streets is closed down, but there may be some car traffic inside the quartals – please, be prudent and careful!)

16.05

Regular Sity Settlement of the last XX century. Rectangular net of streets.
(Traffic along the streets is closed down, but there may be some car traffic inside the quartals – please, be prudent and careful!)

Maps scale is 1:4 000, contours equidistance is 2 m. Survey and drawing (ISSOM-2007) is made at 2016 by V. Dyatchkov, T. Volkov and E. Lashkov.

Size of the maps is A4, digital ink printing, water potection – PE sack (100 mk PE film).
