Welcome from the Craftsbury Outdoor Center

The Town of Craftsbury and the Craftsbury Outdoor Center invite you to attend the March 2018 week of ski-orienteering races. We are excited to host this event in our special part of Vermont and the United States of America. We believe you will find a more friendly, welcoming, and beautiful part of America than you typically see in the media.

Over the past 9 years, Craftsbury athletes have enjoyed competing around the world in ski-orienteering competitions. This week of competitions is one way to say thank you to all the people, organizations, and countries that have hosted ski-orienteering in the past.

Doping control

Doping is strictly forbidden, and the organisers of the Ski Orienteering World Cup in Craftsbury are dedicated to supporting the anti-doping authorities in their work.

Doping controls may be carried out any time during the competition period. As some sites for the doping controls may be a few minutes' drive away, we suggest that athletes are prepared at all events to take along some dry clothes to change into after their race.

Doping tests are always carried out in accordance with the procedures described in the WADA International Standard of testing. The IOF Anti-Doping Code and rules apply as of 1st February 2010. Athletes who are selected for the doping tests must bring an official identification (with photo) to the doping test area. Accreditation cards with photo can also be used for this purpose.
