1 Honour committee

French Orienteering Federation (FFCO) is very glad to welcome the best mountain bike orienteers' in the world in Orleans' area and in the Loire valley. The Loire valley is a very attractive place for sightseeing. The Loire Châteaux are dotted throughout the Loire valley, and these jewels of the Renaissance contribute to the fame of the Val de Loire, which has been listed as a World Heritage Site by UNESCO.

We hope you will enjoy your stay in France and wish you a very good competition.

Michel EDIAR

President of the French Orienteering Federation

Centre Val de Loire region and the Loiret district are famous for its fairy-like castles, small villages of charm, beautiful historical cities, its sumptuous gardens and its edges of the Loire. The Loire Valley is the largest World Heritage Site by Unesco in France.

Orléans forest is the largest forest area of France. It is the ideal place to organize very large competitions. Thanks to the city of Orléans and the different municipalities of the Orléans agglomeration, all COPS91 and ASCO Orléans volunteers and those of other clubs who have joined us in this adventure are ready to meet the challenge of organizing these MTBO World Master Championships, MTBO European Championships and MTBO O'France.

Both clubs have established the last couple of years a strong alliance and are working to welcome you and to help you to discover the still secret paths of superb Orléans forests. All is joined together so that your participation remains an unforgettable memory in the competition but also in tourism.

Franck REINEN

President of the organizing committee (COCICOVTT2017)

Regional capital, Orléans becomes an European and even worldwide capital with the organisation of the senior, junior and youth European mountain bike orienteering championship as well as the master worldwide mountain bike orienteering championship.

The 600 participants from 26 countries of the world will compete in 6 different races in Orléans la Source, Saint-Jean-de-Braye, Ormes and Ménestreau-en-Villette. A demanding meeting for the mountain bike riders elite but also for all ages amateurs and a nice opportunity for the accompanying people to discover our natural and historic heritage.

Close to the Castle of the Loire, Orléans, art and history city, loyal to Joan of Arc, deploys around its royal river all its vitality and charms. Nicely restored, its ancient center, with wood colored frontage, comes to life thanks to a lot of terraces where you can taste our regional specialities. Evenings, the quays of the Loire invite to enjoy in music the contentment of the summer and the cathedral offers its majestic frontage to the sound and light show « Jeanne, visages universels »

Welcome to Orléans, dynamic city, looking to the future, which will surprise seduce you.

Olivier CARRE

Mayor of Orléans

President of Orléans Métropole

Centre-Val de Loire Region, major support of sport

One inhabitant out of two practises and shares the value of a sport in a rich network of 9000 clubs and 100 000 volunteers on all territories.

To accompany and develop even more sports practise, the region leads an ambitious and determined politic around four complementary objectives: access to sport for everybody, layout of the sport territory, support to high level athletes, and structuring the associative network.

With this background, we are pleased to support important events happening on our regional territory. As a consequence, we are delighted to lend our support to the organization of the European mountain bike orienteering championship which will happen from 29th July to 5th August 2017 in the area of Orléans.

This major event is indeed an ideal promotion for this sport and reinforces the sports image of our region. It promotes this very popular sport and the sports values we wish to share with a majority of people, the sens of effort and surpassing yourself, living together and citizenship.

I would like to point out and greet the organisation work from the orienteering sports association of Orléans and to congratulate its president Franck REINEN, as well as all organisers and volunteers who enable the success of this event thanks to their dedication.

I wish to welcome all 300 competitors and a nice and public sports success to this 2017 edition.

François Bonneau,
President of the Région Centre-Val de Loire

MTB'O 17 organises from 29th July to 5th August the international mountain bike orienteering championship in Orléans. This competition gathers the senior, junior and youth European championship as well as the master world championship. General public can also enjoy this sports event and participate to its own competition: O'France

The Loiret region welcomes more than 300 athletes from 20 nationalities for this event, which makes it the most important one in the world concerning mountain bike regarding the number of participants. This shows, if necessary, that our region is dynamic and attractive.

I wish success to all competitors and a nice stay in our region *Loiret*

Hugues Saury
President of regional council

We are pleased to welcome you,

It is an honour and a big satisfaction for the orienteering regional comity of Loiret and orienteering sports association of Orléans to be entrusted the organisation of the international mountain bike orienteering championship. We warmly congratulate and encourage all organizers. We know they will do everything in order to make a full success of the competition and of your stay.

We are delighted to welcome sportsmen and sportswomen from all continents, and of course a lot of compatriots coming from the whole France.

The regional olympic and sports comittee supports and encourages orienteering with its action « olympic nature ». Unknown, we consider that this discipline should be better promoted for the general public and we hope that this international meeting will contribute to it in the next months.

Thank you.

Alain BOYER

President of the CDOS of Loiret

Dear participants,

I am happy to welcome you on this trial of the international mountain bike orienteering championship. It is the first time for our village and I am proud to participate in offering you this sport moment to enjoy, which combines a technical part and discovering the environment in the wooded place of Domaine de la Canaudière.

Today, mountain bike orienteering is recognised as a high level sport by the french Ministry for sports youth, popular education and association life and always has more and more members. I notice with pleasure that thanks to their motivation, the organisers of this championship gathered participants from a lot of countries on a exceptional area which will surely offer a nice sports moment.

It is a great pleasure for me to help you discovering the area of Ormes, and our region.

I wish you a nice orienteering time !

Sportingly,

Alain TOUCHARD, Region Councillor – Mayor of Ormes

Loiret, Sologne: land of hunting, sport and nature !

When the regional hunting federation of Loiret received the application to make the *Domaine de la Motte* available for the organization of the mountain bike orienteering championship the answer was immediately positive. Hunters like nature but they also love sharing it, in particular with sportsperson, who are respectful of the wildlife and plants they meet.

The hunter training center of Loiret, with more than 150 hectares, is at your disposal as a playground for your competitors. Thanks to the variety of typical regional landscapes, this area has a rich fauna. The wild boars regularly met on this area left some evidence of their presence, which the state of the pathway testify, and which will not help the participant.

The different area are used for nature activities, hiking, mountain bike, running, orienteering etc... are also used for hunting during a good part of the year. If some people think that this is not compatible, it means they do not know the ability of the responsible for hunting to take into account all the components of the area they are using. Solicitous over the fact of sharing this nature, the federation regularly inform the hunting responsables of the sport events planned in their area. This allows everyone find the right place on the same playground all year long, and in respect of others' activities.

Now we would like to wish all competitors a nice championship in our region. Enjoy the banks of our nice *Loire*, the Forest, the *Sologne* area to achieve your goal. We also encourage the organisers who are working since many months in order to make a success of this event. The hunters from *Loiret* wish you a nice championship and a lot of friendliness for this big sports event.

The regional hunting federation of Loiret

We are very proud to welcome the international mountain bike orienteering championship.

We are honoured by the participation of people from all over the world and welcome them.

Have a nice time and good luck to all runners who will take the ways of Semoy on 4 and 5 August, all this in a countrified atmosphere for everyone's happiness

Sincerely,

Laurent Baude,
Mayor of Semoy

The mayor of Marigny les Usages is happy to welcome on his area the international mountain bike orienteering championship from 29 July to 05 August 2017.

This trial will allow the participants to discover our town and our forest.

We wish good luck to all participants to this nice trial.

The Mayor,
Eric Archenault

The **Mayor of BUCY SAINT LIPHARD** welcomes the organizers and participants of the international mountain bike race.

Best wishes of success

SPECIFIC COMPETITION RULES

For model event, MD, LD, sprint relay and relay:

- Riding off the track, path or road is forbidden even when carrying the MTB
- Riding off the track is only allowed in rideable areas, represented on the map by symbol 839 (rideable area 2 – orange colour)

For sprint only, it is allowed to ride off the paths or paths.

In France one drives on the RIGHT side of road.

Therefore, riders must ride on the RIGHT side on all roads and tracks. Overtaking slower riders should be done by the LEFT.

START INTERVALS

Long distance = 3 minutes, Middle distance = 2 minutes, Sprint = 1 minute (with the agreement of the Senior Event Adviser)

3.3 Start groups

EMTBOC:

In individual competitions with no qualification races, for both women and men, a fifth start group (Red Start Group) will consist of the following competitors, provided they are members of their Federation's team (as per Competition Rule 6.6) for this competition:

- the reigning World Champion of the format;
- the 9 top-ranked competitors in the IOF World Ranking list as published 10 days before the event. In the case of a tie, all competitors concerned will be included in the Red Start Group. If the above rules provide less than 10 riders, the Red Start Group will be increased to comprise 10 riders by adding the next-best ranked competitors from the IOF World Ranking list (in the case of a tie, all competitors concerned will be included in the Red Start Group). The Red Start Group is mandatory for competitors who qualify for it.

In individual competitions with no qualification races, for both women and men a fourth start group (Orange Start Group) will consist of the following competitors, provided they are members of their Federation's team (as per Competition Rule 6.6) for this competition:

- the 10 highest-ranked competitors in the IOF World Ranking list as published 10 days before the event who are not in the Red Start Group. In the case of a tie, all competitors concerned will be included in the Orange Start Group.

The Orange Start Group is mandatory for competitors who qualify for it.

EJMTBOC & EYMTBOC & WMMTBOC:

In individual competitions with no qualification races, the starting order shall be drawn at random. The draw shall be made in three starting groups, early, middle and late.

3.4 Start bibs / Race numbers

EYMTBOC, EJMTBOC, EMTBOC and World Cup participants for each distance will receive two start bibs numbered according to their start order.

For WMMTBOC, it will be same start bib for all races.

One start bib should be attached in front of the bike and another one on the back of the competitor.

3.5 First aid assistant point and water point

1st aid assistant points and water point(s) will be marked on the Maps with the following ISOM symbols (Medical Cross and Water).

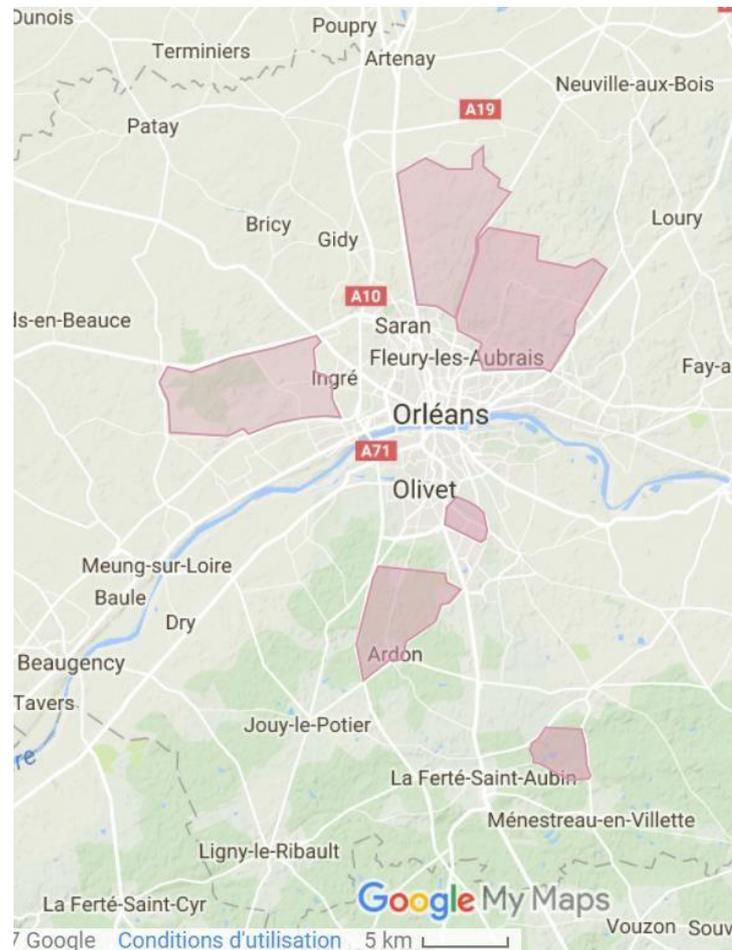

3.6 Embargoed areas

Below is an overview of the embargoed areas. Detailed maps of all embargoed areas can be found on the organizer's website www.mtbo17.fr.

The areas marked on the map are embargoed for all orienteering activities, unless specifically permitted by the organizer. The embargoed areas are out of bounds for all potential participants and

team members, including competitors, team leaders, coaches, doctors, escorts, and any other person with potential connection to a team (athletes or others). This means that all potential participants and team members are not allowed to visit these areas with or without a map at all, regardless of whether it is an orienteering activity or a training session, a walk with the dog or a leisurely Sunday stroll.

See in appendix old maps of these areas.

3.7 Overall Terrain description

Orléans country is at 100 m altitude.

- Sprint competitions will be taking place in an urban area
- Middle and Long Distance competitions will be taking place in forest area with dense track network.
- Sprint relay and relay competitions will be taking place in forest area with dense track network, Start, hand-over and Finish will take place in front of a typical Loire Castle. No height difference.

All the competition areas are open to public traffic. The courses cross several public roads. There will be marshalls at the most critical places to help safe crossing and minimize disruption. Riders should follow the instruction of the marshalls. Still, it is the riders' responsibility to observe traffic rules and avoid unsafe practices

3.8 Time keeping system

SPORTident Air+ (contactless) will be used for all events (EMTBOC, EJMTBOC, EYMTBOC, WMMTBOC).

Competitors must use SI Active Cards (SIAC). On request, organizer can rent SI Active Card (SIAC) 10€/week against a cash deposit of 70€.

The control stations will function with a touch-free distance of 50 cm. There will be a non-contact station at the finish.

3.9 Anti-doping

Doping is strictly forbidden. The IOF Anti-Doping Rules apply to this IOF World Cup MTBO. The organizers of World Cup MTBO are dedicated to supporting the anti-doping authorities in their work. Doping controls may be carried out any time during the competition period. As some sites for the doping controls may be a few minutes' drive away, we suggest that athletes are prepared at all events to take along some dry clothes to change into after their race.

Doping tests are always carried out in accordance with the procedures described in the WADA International Standard of testing.

Athletes who are selected for the doping tests must bring an official identification (with photo) to the doping test area. Accreditation cards with photo can also be used for this purpose. The athlete should also bring along their therapeutic use exemption (TUE) if applicable. In general, it is advisable that the athletes bring along their ID to all the competitions and events."

Please consult: <http://orienteering.org/anti-doping/>

3.10 External Assistance

In Accordance with the "COMPETITION RULES FOR INTERNATIONAL ORIENTEERING FEDERATION (IOF) MOUNTAIN BIKE ORIENTEERING (MTBO) EVENTS" valid from 1 January 2017, please note the following:

- 26.2 Except in the case of an accident or mechanical failure, seeking to obtain or obtaining assistance from other riders or providing assistance to other competitors during a competition is forbidden. It is the duty of all competitors to help injured riders
- 26.3 The provision of mechanical (spares or repairs) assistance between competitors during a competition is permitted but is not compulsory. No outside mechanical assistance is permitted. It is the duty of all competitors to help injured competitors.

Please note as a clarification, assistance between competitors of different competition classes for mechanical failure is not allowed: eg a master helping an elite.

3.11 Technical Jury

The technical jury consists of the following persons:

Tage V. Andersen, DEN

Wolf Eberle, AUT

Nermin Fenmen, TUR

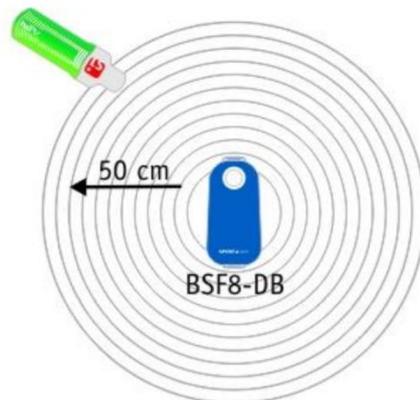

SPORTident France

Event Sponsor of the MTBO'17

SPORTident France is very proud to support the event MTBO'17 as a sponsor.

We propose to make our sport more attractive with the SPORTident AIR+ mode for MTBO with a contactless mode at 50 cm (speed limit 40km/h). Orienteers will use SPORTident active cards SIAC and the control points will be equipped with the BSF8 stations.

For MTBO, the AIR+ system is a good solution to give more importance to the navigation than to the punch.

Be part of this exciting days and visit our stand during the events.
