

Bulletin 2/3 Testraces II & IV, 6-7th April 2018

- Organiser Swiss Orienteering Team
- Entry fee Entry fee for both WRE's (CHF 20.- per WRE) must be paid latest April 2nd 2018:
*Swiss Orienteering
Geschäftsstelle
Reiserstrasse 75
4600 Olten
IBAN: CH57 0900 0000 3000 8414 0
Swift: POFICHBEXX*
- Embargoed areas Embargoed areas are published on: <https://www.swiss-orienteering.ch/de/leistungssport/ol/selektionsbestimmungen-ol.html>. Participants in the two WRE races must respect the embargoed areas.
- Programme **Test race II: Friday 6.4.18, first start 11:00**
WRE Sprint, Novaggio Paese
Test race IV: Saturday 7.4.18, first start 11:00
WRE Middle, Sonvico
- GPS Tracking The test races II-V will be tracked by GPS for selection purposes. Members of the Swiss Orienteering Team must bring their own, other athletes participating in the selections (application sent and accepted by the Elite Coaches Team) will be provided with a GPS for the duration of the races. The GPS must be returned after the last race. It is the responsibility of the athlete to recharge the GPS after each race. In case of loss, the athlete will have to pay a new GPS.
All other runners can send their .gpx files to Roland.spoerri@gmx.ch after the race.
Please remark that the GSM coverage (telephone network) is not very good in many of the forest areas. Therefore, you must keep your GPS turned on until you are in an area with coverage (control with your telephone) before turning off. In that way your GPS data will be transferred once the GSM network is available.
- Public transport Please use www.sbb.ch to plan your trip by public transport.
- Athletes Anti-Doping agreement All athletes participating in the WRE races have to sign the athletes anti-doping agreement. It is published at <https://solv.ch/de/ethik/uebersicht-antidoping.html>;
Athletes who have not signed yet are requested to go to the Information desk before the race.
- WRE Identifier All participating athletes must have a WRE identifier

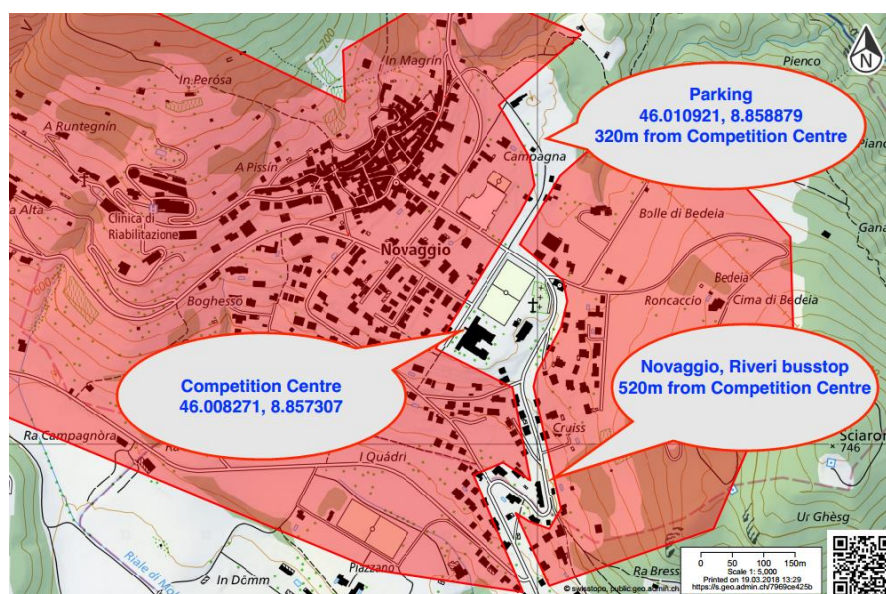

Fairness

The embargoed areas for the European Orienteering Championship (EOC) must be respected at all times: see map at www.EOC2028

Testrace II WRE Sprint Novaggio Paese, Friday 6.4.2018

Course Setter	Siro Corsi
Controller	Stefano Maddalena
IOF Event Adviser	André W. Schoepfer
Jury	André W. Schoepfer (Chair, no voting rights), Tulla Spinelli, Matthias Niggli and Francesco Guglielmetti.

Overview

Arrival by car	It is only allowed to enter Novaggio from the South (Pura, Caslano). The roads to Novaggio from Miglieglia and Croglia/Bedigliora pass through the embargoed area and may not be used. The parking is marked from the crossing next to the competition centre.
Public transport	Please exit at the bus stop Novaggio, Riveri
Competition centre	Centro Scolastico, via Alfredo Ryser, Novaggio, open from 9:30 to 18:00
Information	At the competition centre. Hand over anti-doping declaration, check-in quarantine, car key deposit for finish.
Number bibs	Self-service at the information desk.
Pre-Start quarantine	The pre-start quarantine closes at 10:00. There is a warm-up map without controls, laser printing on antius paper. No maps and no electronic devices are allowed in the quarantine!

Clothes transport	It is possible to have a small bag with clothes and your car keys transported to the finish. The bag can be deposited at the information desk until 10:00 when the quarantine closes. Please make sure to have what you need after your race until the quarantine re-opens is in the small bag or in your car. If you come by public transport and need a bigger bag, make sure to place a bag in someone else's car (it is your own responsibility to find someone).
Startlist	The start list is according to the sprint world ranking list from 26.3.18, 1' start interval, best runner starts last. The start list will be published Saturday 31.3.2018 on the Swiss Orienteering homepage.
Map	Novaggio Paese, 1:4'000, 2.5m contour interval, revised October 2017 by Francesco Guglielmetti, laser printing on antius paper, A4 printed on both sides
First start	11:00
Courses	W21: 3.1 km, 130m climb, 20 controls M21: 3.6 km, 160m climb, 22 controls
Distance to Start	Pre-start is shown on the warm up map.
Start procedure	-4 Minutes: Names are called, battery check, clear and check badge -3 Minutes: self-service control description -2 Minutes: -1 Minute: Start control Start time: take the map (self service). The first loop is face upwards (covered). The official start time is according to the start list. 40 m to the start point
Controls	All SI Units can be punched using touch free (SIAir+). If a unit does not work, punch normal with the SI Card, if this also fails, punch manually.
Map Exchange	The map is printed on two sides, please turn the map at the map exchange. There is a new start triangle at the place of the map exchange and the numbering will continue from the first map. The map exchange is unmanned. Do not forget to punch the control!

Special objects, remarks

The border between streets and private ground:
Olive areas are always drawn with thin black lines around it, also when there is a wall. See the examples on the next page.

The same map drawing principle is used at the EOC

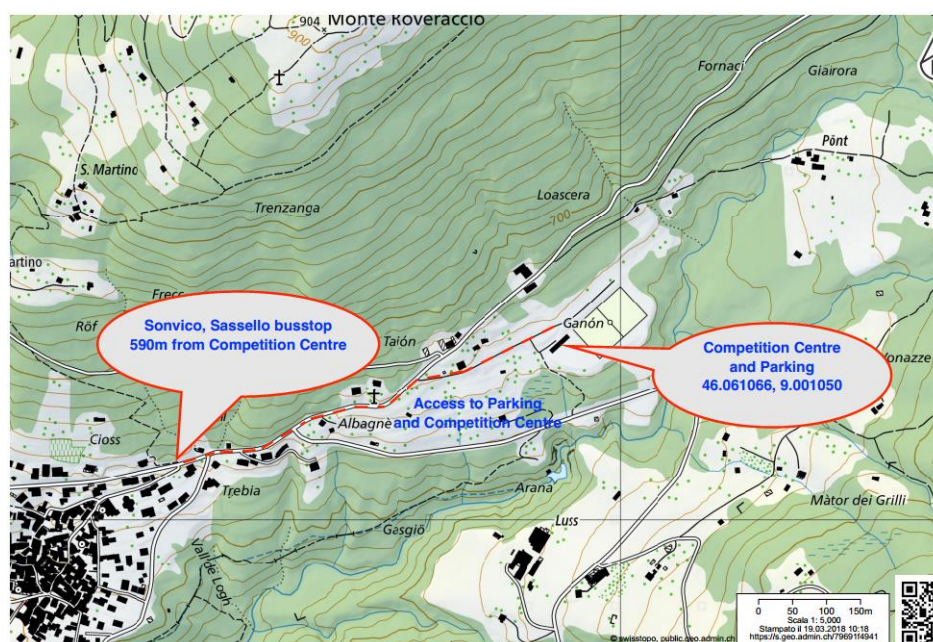

Some of the unclear areas may be marked with tape in the terrain – it will not be marked on the map.

Finish	Finish control must be punched (SIAir touch free).
After finish quarantine	<p>You are only allowed to be at the finish or at the car park between your finish and the last start. Vroni and Francois (Swiss Orienteering Team coaches) are at the finish will inform you, where you can make your cool down.</p> <p>You can deposit your car keys and a small bag with clothes for after the finish (see clothes transport).</p> <p>No maps and no electronic devices are allowed until 15' after the last finish.</p> <p>All information to the Swiss Team Re-Run is mentioned under test race III.</p>
Refreshments	Water at the finish
SI read-out	At the finish
Live GPS	Is available 15' after the last finish.
Live Results	http://classifiche.asti-ticino.ch , only final result will be shown

Start list	Start list according to world ranking (26.3.18). 2' start interval, best runners start first. The start list will be published Saturday 31.3.2018 on the Swiss Orienteering homepage.
Map	Sonvico 1:10'000, 5m contour interval, mapping 2015 Fausto Tettamanti, Francesco Guglielmetti, partial revision winter 2018. ISOM 2017. Laser printing on antius paper, A4 format
First start	11:00
Way to the Start	Follow the warm-up map, 35 minutes walking. Pre-start is shown on the warm up map.
Start procedure	-4 Minutes: Names are called, battery check, delete and check badge -3 Minutes: self-service control description -2 Minutes: -1 Minute: Start control Start time: take the map (self service). The official start time is according to the start list. 30 m to the start point
Courses	W21: 3.6 km, 225 m climb, 16 controls M21: 4.7 km, 310 m climb, 18 controls
Controls	All SI Units can be punched using touch free (SIAir+). If a unit does not work, punch normal with the SI Card, if this also fails, punch manually.
Spectator control	There is no spectator control.
Special objects, remarks	<ul style="list-style-type: none"> • Non-passable fences, olive areas and non-passable cliffs may not be passed!

- Mobile fences for cattle are not marked on the map. They may be passed but can be under current! Please do not ruin the fences when passing them.
- There are highland cows in the terrain. They are quiet and harmless! You can pass them without any problems.
- You may hear dogs towards the end of the course. The dogs are behind a solid fence and there is no risk at all about it, as they are not able to get out of the fence.

Finish	Finish control must be punched (touch free).
After-finish & quarantine	After your finish and until the last start has taken place, you are not allowed to re-enter the terrain or the quarantine. You are not allowed to contact not started runners either. The SI read-out is at the competition centre. You are allowed to go home.
GSM coverage	The GSM coverage is not very good in the area, please keep your GPS turned on until you are in an area with GSM coverage (control with your telephone) for the data transmission to take place before you turn off the GPS.
Refreshments	Water at the finish
