◎Embargoed area:

Following area of terrain is embargoed.

Passage through the area on public road other than the purpose of orienteering and its training is allowed.

©Terrain profile:

The terrain is relatively loose terrain. The biggest feature is the vast slow slope down from east to west. A lot of point features exist, for example small knoll, small depression, pit and boulder. Most part of terrain is covered by cedar forests and mixed forests. Runnability and visibility are very good.
