WELCOME BY THE EVENT DIRECTOR

Dear orienteering friends,

On behalf of the Organizing Committee and executive organizer Orienteering Club "Vihor" I am pleased to welcome all competitors, team leaders, officials and guests to the World Trail Orienteering Championships 2015 in Croatia. Although our country already hosted World Military Orienteering Championships twice, this will be the first IOF event of the highest level in Croatia and we are looking forward to organize it.

Orienteering club "Vihor" currently has about 100 members, including more than 15 former and current members of the National Teams in Trail, MTB and Foot Orienteering - competitors and team leaders. Our first experiences in organizing orienteering events go back to 1960's and up to now we successfully organized a few hundreds. But mostly - our club is all about loving and living orienteering. Organizing WTOC is a big honour, but yet also a big challenge for us.

Trail Orienteering in Croatia has a short history, dating back in 2004 with our first participation at WTOC in Sweden, with only one participant, while in Japan 2005 we were just observers. We can say that the new era begun with the first official team entry on WTOC in 2008 in Czech Republic. Since then we have been regularly participating in WTOC every year and our competitors won 4 individual and 4 team medals. Last one was the team gold in Italy 2014!

Croatia will host the World Trail Orienteering Championships in June 2015. We will try our best to make a fair competition with good and precise maps and fair competitive tasks for all participants. Terrains will be challenging, providing opportunities to use different orienteering skills on different types of terrains.

We are also aiming to attract more new nations to Trail Orienteering, so hopefully we will see some new competitors from South East Europe and other parts of the world participating WTOC 2015.

The event will take place in the Croatian capital Zagreb and in the nearby town of Karlovac. Most events will be held in the close vicinity of the Competition Centre. The longest distance to reach takes about 40 minutes driving from the Competition Center.

As never before, you will have the opportunity to stay in a capital city what will provide you large possibilities, not only for sport, but also for some tourist sightseeing, shopping and cultural activities. We believe you will enjoy food specialities and the unique atmosphere of Zagreb and Karlovac. If you find some extra time on your way to or from Croatia we strongly suggest visiting some of our National Parks, historic sites or even spending a few days at the Adriatic coast.

We also invite you to participate in orienteering competitions which will be held in the beautiful region of Međimurje, around towns of Varaždin and Čakovec just prior to WTOC 2015.

I wish all of you a lot of success and good preparations for our event in 2015, hoping that we will manage to organize it on the highest possible level.

Damir Gobec
Event Director

VENUE

The World Trail Orienteering Championships 2015 will be held in Croatia, in the cities Zagreb and Karlovac.

Zagreb

Zagreb is the capital of the Republic of Croatia and an old Central European city. For centuries it has been a focal point of culture, science, commerce and industry. It lies at the intersection of important routes between the Adriatic coast and Central Europe.

Many famous scientists, artists and athletes come from the city, or work here. Zagreb can offer its visitors the baroque atmosphere of the Upper Town, picturesque open-air markets, diverse shopping facilities, an abundant selection of crafts and a choice of traditional cuisine. Zagreb is a city of green parks and walks, with many places to visit in the beautiful surroundings. The city entered into the third millennium with a population of nearly 800,000 inhabitants. In spite of the rapid development of the economy and transportation, it has retained its charm, and a relaxed feeling that makes it a genuinely homely city. Zagreb offers numerous theatres, museums, galleries, art collections, sport centres etc.

Karlovac

One of the events will be held in the city of Karlovac, located near Zagreb but serving as its own municipality. Karlovac is the administrative centre of Karlovac County. The city is located on the Zagreb-Rijeka highway and railway line, 56 kilometres (35 miles) south-west of Zagreb. The population of the settlement is about 56,000 inhabitants.

Croatians know Karlovac as the city of parks and the town on four rivers of which Mrežnica, Korana, and Kupa flow through urban areas, and Dobra is a few kilometers outside the city centre. One of the rarer trees found in the parks is the ginkgo biloba, which local primary school children are taken out to see as part of their classes on nature and society. Most of the parks are planted in the former trenches dug around the old military fort that were once filled with water as an added layer of protection from the intruders. One part of the city centre maintains the name of Šanac ('the Trench') after the old trenches which preserve the old hexagonal form of the historic centre.

ORGANISING TEAM

The event will be organised by members of the Orienteering Club “Vihor”, under the auspices of the Croatian Orienteering Federation.

For precise weather forecast during WTOC check out the Croatian meteo service: www.meteo.hr
