# Relay start

- Start, changeover, finish procedure demonstration in the arena at 10:00
- 1<sup>st</sup> mass start for Elite and Open classes takes place at 10:30 and 10:40 respectively
- At the mass start, maps will be on the ground. First 10 teams in row 1, second 10 teams in row 2. Step on the maps 1 minute before the start. Then countdown and start.

# Relay start

# Relay changeover

**No pre-warning from the organisers, this is your responsibility!**

- **The incoming runner must run through the finish line and then proceed to the changeover area, where incoming and outgoing runners must change over by touching hands. Used maps to be handed over at the Finish.**
- **It is the runner's responsibility to pick the correct map.**
- **Once having finished the race it is strictly forbidden to make any kind of contact with team members inside the quarantine**

# Relay changeover

# Relay map board

# Finish

There will be **two finish chutes** at the Finish. The **1st and 2nd leg** runners should take the **left finish chute**. The **3rd runners** have to keep to the **right finish** chute. Punching finish is not required. The chest position is decisive if there is a close finish. The finish line will be video-recorded and manually back-up.

All maps will be collected at the Finish. A new set of maps will be issued to all Elite teams while the maps for Open classes will be returned after the announce of the final results

All runners must proceed to the result download station after finish. SIAC will be collected after completion.

Team officials and runners having finished their races are not allowed back in the competition area

# Sprint Map

<b>Scale</b>	<b>1:10,000 for all Elite classes</b> 1:7,500 for Open classes
<b>Contour Interval</b>	2m
