

New information about bus transport for coaches to Sprint event (4 July 22.00):

We have now distributed the times for bus transport of coaches to the Sprint Event. The list below shows the number of allocated guaranteed places for coaches on the different buses. (Given as country and number of coaches, e.g “GBR 2” meaning that GBR can have 2 coaches on that bus). The allocation has been made to match with the athletes start times. In addition we have also made a change in policy. (This change has been made after the team leader meeting):

Teams that will drive their own team cars to the finish area will be allowed to drive together with the organizers’ buses from Vierli and Rauland Högfjellshotel and stop at the pre-start along the way (in the same place and at the same time as the organizers’ buses) to drop off coaches before continuing to the finish area. No team cars will be allowed to park at the pre-start. The coaches that will use the team cars for transport to the pre-start needs to register at the same place as those registering for transport with the organizers’ buses. Only coaches will be allowed to be dropped off from these team cars. All athletes must use the organizers’ bus transport. Teams that have spare places in their team cars are encouraged to give coaches from other countries a lift to the pre-start if needed.
