DRENTHE 2 DAYS 2019

[www.drenthe2days.nl](http://www.drenthe2days.nl)

Dear orienteering friends,

We kindly invite you to the third edition of the Drenthe 2 Days on the 26th and 27th of October 2019.

We will bring you back to the National Parc the "Drents Friese Wold" for two beautiful orienteering stages. The first stage we will offer you a brand new map called "De bosberg". This map was drawn by Gediminas Trimakas who will be mapper for the World Orienteering Championships 2020.

He was pleasantly surprised by the terrain and he thought the terrain was worth to host a world elite orienteering event. We will offer you a middle distance on this map which will also be a WRE for the Elite orienteers.

The second stage will be held on the map "De Kale Duinen". This very unique drift sand/dune and heath area offers challenging orienteering. We will open the registration in spring 2019 so stay tuned to our website or like our Facebook page and enter for two fantastic and challenging days of orienteering in the northern part of the Netherlands.

I hope to see you!

Ton Roos  
Chairman HOC'93
