Woc2019 Middle Distance Qualification

Results: https://eventor.orienteering.org/Events/Show/6313

Event information: Nokian Tyres World Orienteering Championships 2019 - Middle qualification

Woc2019 Long Distance

Routes along fields where it is allowed to run \rightarrow

Out-of-bounds areas: remember B4, page 29

Question: Will it be a «silent start», no count-down signal?

Answer: No, was a failure today!

Question: Will there be a start clock in Q1?

Answer: No at Quarantine 1 won't be a clock showing the official competition time.

Question: Please could you confirm the contour interval for the auto-generated map?

Answer:

The Knatterud map had 1 m contour interval The Mørk map has 5 m contour interval.

Question: Will water points be at controls?

Answer: The refreshements are at the controls, and there is an additional one on the arena passage.

Question: Will there be map exchange?

Answer: You will see it tomorrow.

Question: Will there be organizers on all the refreshments points, so they can keep away the wasps and bees from the sports drink?

Answer: Yes all the refreshment controls are manned. We do our best to keep the wasps away.

Question: You wrote in the Bulletin, that it is not allowed to go back to Quarantine 1 from Quarantine 2. If the Team Officials go to Quarantine 2, he or she has to go directly to the Arena by shuttle transport, but our own cars will stay in Quarantine 1. How can we reach it after the competition?

Answer: After 16:00, there is a shuttle transport from the exit of the team zone to the parking at quarantine 1.

Question: The time you need to be a the prestart is most important to the runners, can you make this time more prominent and make sure that the race time clock is clearly marked as such?

Answer: At the pre-start (-4') there will be only one clock, this will show the call-up time.

Question: Is there any water directly at the start?

Answer: No water will be provided at the pre-start and at the time start.

Question: Are there toilets directly at the start?

Answer: No toilets will be provided at the pre start.

Question: Can the athletes get their own refreshments from the coaching

zone?

Answer: Yes according to Bulletin 4.

Question: At which % of the race is the coaching zone?

Answer: in the last third of the course and close to last control.

Question: Is there any forking system?

Answer: we will not answer this question.

Question: could you provide enough warm up maps? **Answer:** yes we will try but please don't take more than one per athlete.

Question: For the spectator races: If the runner is deciding to start make a late start, until when may they start to not interfere with the WOC race?

Answer: During the normal starting times of the spectators race it is allowed to compete for WOC runners.

Ordered transport

Long distance (quarantine)	08:15	18:45***
Long distance (arena)	09:00	18:45***

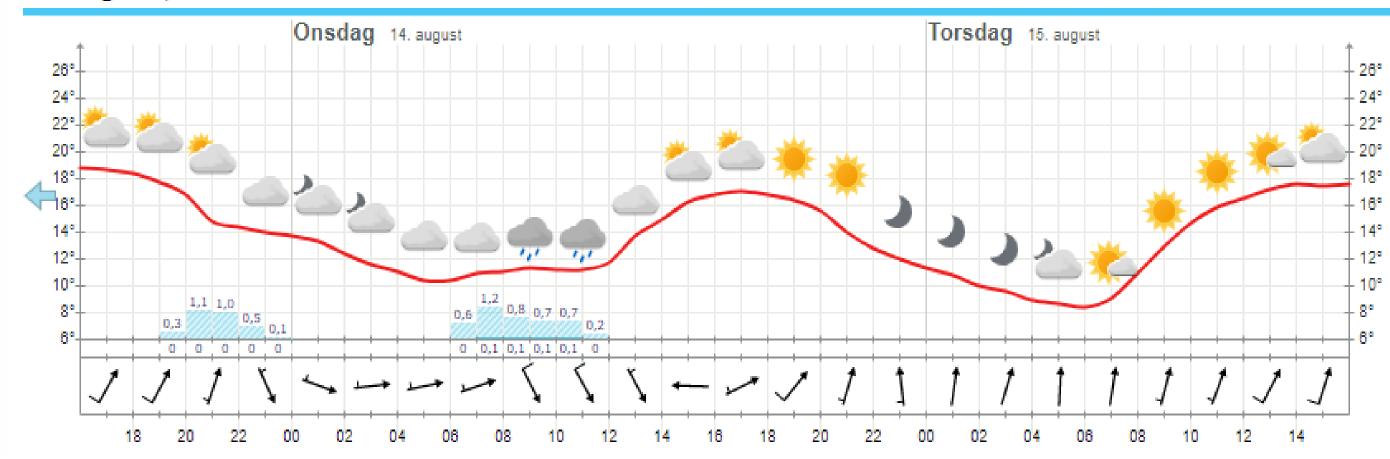

→ Please inform Bjørn Axel Gran about your transport needs before 20:00 today.

Weather forecast

Meteogram, neste 48 timer

Good Luck for tomorrow!

Question: GPS-watches. Are you going to check watches tomorrow?

Answer: We will do random checks. We assume that all teams follow the rules.

If you are unsure if your watch is allowed according to the rules - leave your clock in the bag. All runners will have GPS tracking.

(First version; - please tape your watch before the pre-start.)

Question: GPS-watches. Are you going to check watches tomorrow?

Answer: We will do random checks. We assume that all teams follow the rules. If you are unsure - please tape your watch before the pre-start.

Question: Q2 – will it look like today?

Answer: It will be a big tent with a hard floor. An area

beside the tent where you can put up your own.

Stony though.

Question:

Answer:

Transport Q1 -> Q2 - enough capacity for both athletes and team managers.

Bring all your belongings with you from Q1 to Q2.

Question: Is it possible to provide the athlete's own drinks earlier on the course than the coaching zone? **Answer:** No. You must then bring the drink during the race.

Question: There was a case of a runner coming up to another runner, asking for a code number, followed, and tried to take the map

Answer: It's not according to the rules, and unacceptable behaviour. Please deliver a complaint. *All runners are supposed to follow the rules!*

Question: Is there a percent where the drinks controls are? **Answer:** According to the rules; approx. every 25 minutes (§19.8)

Question: Today some experienced that control guards were very close to the controls, and in the way of the preferred route to run

Answer: We will try to be better tomorrow.

Question: MQ; can you provide a result lists that shows the order of the runners w.r.t to the new rules of qualification **Answer:** We can show you our calculations.
