

# BULLETIN 1

2 – 6 October 2019

*Be part of it!*

## 1 – GENERAL INFORMATION

The German orienteering federation welcomes the participants and spectators to the World Cup final, the World Masters Championships and the European Youth and Junior Championships in the Sportpark Rabenberg.

A beautiful landscape, lovely trails and hilly terrain are ideal for mountain biking. Sportpark Rabenberg is a place where sports tradition meets contemporary sports concepts; hundreds of athletes trained for the Olympic Games, European and World Championships in several summer and winter sports. Nowadays, the TrailCenter Rabenberg offers man made mountain bike trails for different difficulty levels. In combination with the excellent infrastructure for winter sports and hiking opportunities, you will find a wide variety of physical and technical demanding mountain bike orienteering courses.

The surrounding is famous for ore mining in the past hundreds of years. Remnants of this epoch are visible and you can immerse yourself in these times while visiting old mines. The big cultural treasures of Saxony can be admired in the cities of Dresden and Leipzig, a 1 1/2 h car drive from the event centre.

Be part of some unforgettable competitions in mountain bike orienteering: just make a cross in your calendar, train, come and bring your family and friends to southeast Germany 2019.
