

INTERNATIONAL ORIENTEERING FEDERATION

Invitation to the 12th IOF High Level Event Seminar Glasgow, Scotland, 15th-16th February 2020

The International Orienteering Federation (IOF), in cooperation with the Scottish Orienteering 6-Day Event Company Limited, is pleased to invite you to the 2020 IOF High Level Event Seminar to be held at The Studio in downtown Glasgow, Scotland, UK on 15th-16th February, 2020.

The traditions of the High Level Event Seminar go back more than a decade. It all started in Oslo in 2009 and the Seminar is organised annually since then. The seminar has become an important event attracting 40-75 attendees each year from about 15-20 countries. The seminar targets appointed organisers, potential future organisers and key persons of IOF High Level Events, including already appointed IOF Senior Event Advisers and Assistant Senior Event Advisers. National orienteering federations are kindly asked to identify and enter suitable candidates.

After the huge success of WOC 2019 in Norway, the main focus of the HLES this year will be on the organisation of high level events, especially the World Orienteering Championships, and we plan to provide input for the participants on how we can achieve this common goal. Fair play will also be a big topic to discuss. We will have a split session, concentrating on Sprint WOC organisation, Forest WOC organisation and IT. The groupwork once again returns to the agenda. The preliminary programme is as follows:
