Terrain

Sprint: City District Divnomorskoe is located on the slope of the hill. The courses passes between residential multi-storey buildings, in yards. There are many retaining walls and stairs in the area. Map updated January 2020 by Vladimir Tregubov, ISSPrOM 2019 Symbol set. Scale 1:4000, contour interval 2.5 m.

Middle, long: The terrain is hilly on the 1 day of competitions and mountainous on 3 and 4 days. Water-erosion relief, the slopes of the mountains are dissected by shallow and deep ravines. At this time of year in

almost all streams, promotes water flows. There are landslide places, places with a microrelief and the place of mountain ridges with stone scatterings, rocks, stones from 0.5 to 20 meters high. The soil is clay, stuck, after rains slippery. The forest is deciduous, in places with bushes, runability from good to bad. Open spaces of 5-10%. Local zarzaparrilla (smilax, prickly liana) and blackberry grows are found. The road network is middle. Map updated January, February 2020 by Viktor Diachkov and Dmitry Popov, ISOM 2017-2 Symbol set. Scales 1:10000 for WRE, 1:10000 and 1:7500 for other courses, contour interval 5 m.

Punching system

SFR-system will be used. You can rent SFR-card in the Event Centre, price is 4 euro/day/person.
