Warm weather has caused lot of damage to ski tracks. Organizers were forced to exclude some parts of the terrain from use for middle distance. Snow conditions are significantly worse than during the pursuit/long distance race.

Snow-free spots on tracks occur.
Marked route from quarantine area to the start of youth and juniors has poorer snow conditions than the average on courses. Organizers try to fix satisfactory conditions on that track segment.

Tracks will be groomed during the night and morning.
Dotted tracks include snow-free spots, guaranteed!
• „Black roads“ on the map appear in three versions –
  – Normally skiable
  – Forbidden route, forbidden to cross (purple zigzag line)
  – Forbidden route, crossable (purple crosses)
Equipment & Refreshments

• There is one equipment deposit in the terrain for classes Men, Women, M20 and W20. Equipment to be taken to that deposit has to be dropped off at 10.00 at the latest
• Another equipment deposit is located at the coaching area on the arena as it was during the pursuit/long competition
• It is only allowed to change damaged ski equipment in these designated areas, and no assistance (e.g. from a coach) is permitted during the change
• All classes pass the arena along a marked route beside coaching area
• Official refreshments on the arena, next to the coaching area
Ceremonies

• Flower ceremony for middle distance is cancelled because we need to save wet ski stadium for relay competitions
• Prize-giving for middle distance will be arranged on Sunday together with relay prize-giving
