WARM-UP & QUARANTINE

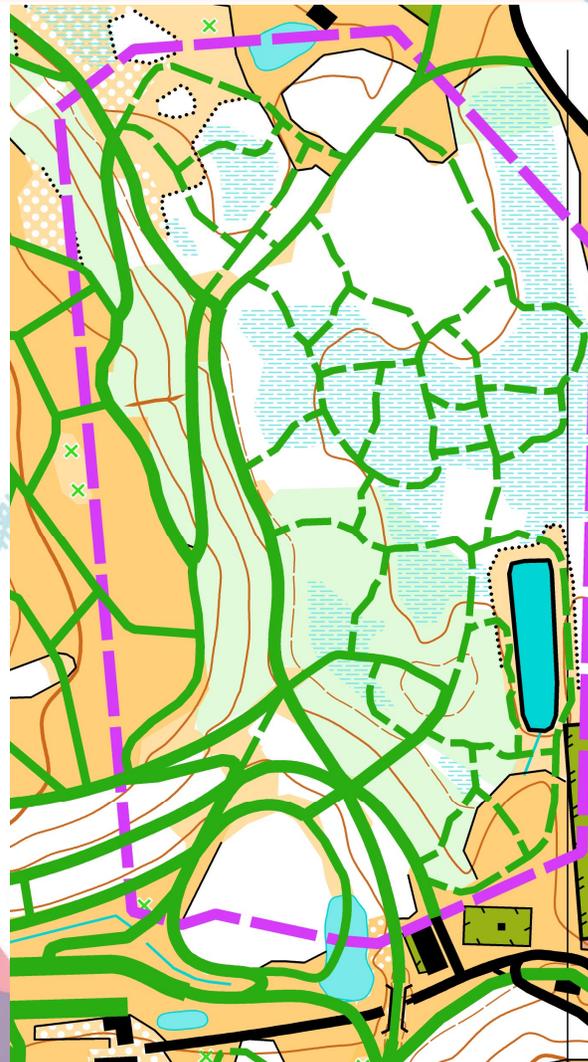

WORLD
SKI ORIENTEERING
CHAMPIONSHIP
ESTONIA 2021 KÄÄRIKU 22-28

- There is no pre-start quarantine! All team members can enjoy sprint relay competition on the arena.
- Sports hall is available for competitors for changing clothes, having rest etc
- Model event area can be used for warm-up
- Warm-up area next to the arena is shown on separate file
- There is after-finish-quarantine for finished 1. leg competitors in youth and junior classes. Therefore 1. leg competitors in these classes must have on the arena a bag with clothes ready for immediate pick-up after finishing and they must leave the arena for quarantine in a hall up on the hill. This occurs under supervision of the organisers.
- After-finish-quarantine expires when leading teams have changed over to third leg. Competitors in the quarantine will be informed about the end of quarantine by organisers after due command from SEA. Approximate duration of the quarantine is 1 hour.

Mass start

WORLD
SKI ORIENTEERING
CHAMPIONSHIP
ESTONIA 2021 KÄÄRIKU 22-28

- Exact location of the mass start depends on snow conditions on the arena and may differ from what was shown on previous slides.
- Start procedure is similar to long distance mass start

Tracks and courses

WORLD
SKI ORIENTEERING
CHAMPIONSHIP
ESTONIA 2021 KÄÄRIKU 22-28

- Snow conditions similar to today's, probably a bit worse
- Snow-free spots on tracks occur, especially on dotted tracks
- Courses will be adjusted according to snow conditions, some snow-free areas will be left out of use. New maps with changed courses will be printed tonight.
- It is possible, that some manually made last-minute corrections are needed on the maps. In that case teams will be informed about such changes in the morning before the competition
- Tracks will be groomed during the night and morning
- Organizers try to improve snow conditions on the tracks as much as possible

Tracks
