

WRE Russian Orienteering Cup

(corrected, as a part of Bulletin 2)

Technical information

April 9, 2021. First start at 10:00 am

Details of the terrain:

The area is a block of Soviet buildings with houses from 3 to 12 floors. The courtyards are clean enough, there are children's playgrounds. Closed areas are few. Nearby are the «Lenin» square with a monument and beautiful alleys and a recreation park with various playgrounds and attractions. The relief is even, there is no elevation difference.

Map:

Made in accordance with ISSprOM 2019-2 standards. The scale is 1: 4000, the contour interval is 2.5 meters. A4. Cartographer Sergey Vasiliev (Volgograd region), 2021. The map uses specific symbols:

Courses:

Men: 4,2 km 22 controls. From start to: press-control 2,5 km; map change 3,1 km. Expected winner time 15 min

Women: 3,6 km 21 controls. From start to: press-control 2,1 km; map change 2,6 km. Expected winner time 16 min

The athlete takes at the start both maps enclosed in one transparent bag. At the end of 1 part of the course, while running along the marked route, the athlete takes out the top map from the package, at the end of the marked route throws it under the feet of the referee, and continues orienteering along the second map. The place where the map is dealt to the referee is shown in the second map as the start. SFR-active punching system will be used. Additional control descriptions can be obtained at the start.

Restrictions:

Artificial obstacles have been installed in the area, marked in the map with sign 708 - a purple line 1 mm thick. On the terrain, this is a stretched and well-visible marking tape. Crossing is strictly prohibited, all sections are controlled by the distance referees. Crossing the street that cuts the map in two is allowed only in the places indicated on the map! For the convenience of athletes, bright counters are installed at crossings across the street, and referees are working. In the competition area, shoes with metal spikes are PROHIBITED.
