## COVID-19 EMERGENCY

Covid-19 emergency is creating difficulties for the organization, planning and organizing locations and accommodation. To try to have an organization which is appropriate to the level of the Alpe Adria events, we must set some deadlines:

**March, 25th 2021:** informative pre-entry form, to understand possibilities and will to participate from abroad.

**April, 2nd 2021:** depending on the current situation of the emergency, it will be decided whether the races can be held safely. The decision is up to the organizers or the directives of the health or government authorities and is final.

**May, 26th 2021:** entries deadline, if races are confirmed.

Furthermore, at present, in the management of the Covid-19 emergency, it is NOT possible to provide athletes and teams with a low-cost and collective structure (such as a gym) for overnight stays, as in the Alpe Adria Rules.

To be able to provide all athletes and teams an adequate service and the best decision regarding the competitions, we kindly ask you to provide feedback, to understand how many people could be attending and in need of accommodation facilities close to the venues of the events.

Please fill in the following form in order to activate suitable accommodation facilities.
