Orienteering World Cup Idre Fjäll 2021

Team Officials' Meeting 13 August 2021

1. **Welcome**
2. **General information**
3. **Specific information for the Middle Distance**
4. **Specific information for the Relay**
5. **Questions and answers**

Team Officials' Meeting 13 August 2021

1. Welcome and congratulations

Congratulations to all the winners and to all runners from yesterday, you did a great job!

Team Officials' Meeting 13 August 2021

2. General information

Thank you for a very good discipline for the separation between teams and spectators. We continue like that!

In both middle distance and relay: the lower parts of the terrain are wet, so some marshes can be quite wet and borders are not distinctive. Even "normal" ground can be wet.

There can be TV-cables in the terrain. At all TV-controls there will be banners in the terrain.

Team Officials' Meeting 13 August 2021

2. General information

GPS watches are ALLOWED in all races, but shall not be used for navigation. No upload of routes until the quarantine closes!

It is not allowed to put both Emitags on the same band because of organizing reasons.

Don't throw your gel tubes in the forest. Deposit them at the refreshment controls or take them with you! Thank you!

If you have a mixed-team for the relay, report this team until **today, 18:00** to raceoffice@owc2021.se

We would encourage you to build the teams by yourself.

19	☁	10°	0 - 0.2	3 (7) ↘

Team Officials' Meeting 13 August 2021

3. Specific information for Middle Distance

Due to the unsure wheater, we will put up an extra tent at the pre-start as shelter.

If you put your accreditation badge visible on your bag for the transport, we can easily manage to sort them out by country in the bagage tent.

Team Officials' Meeting 13 August 2021

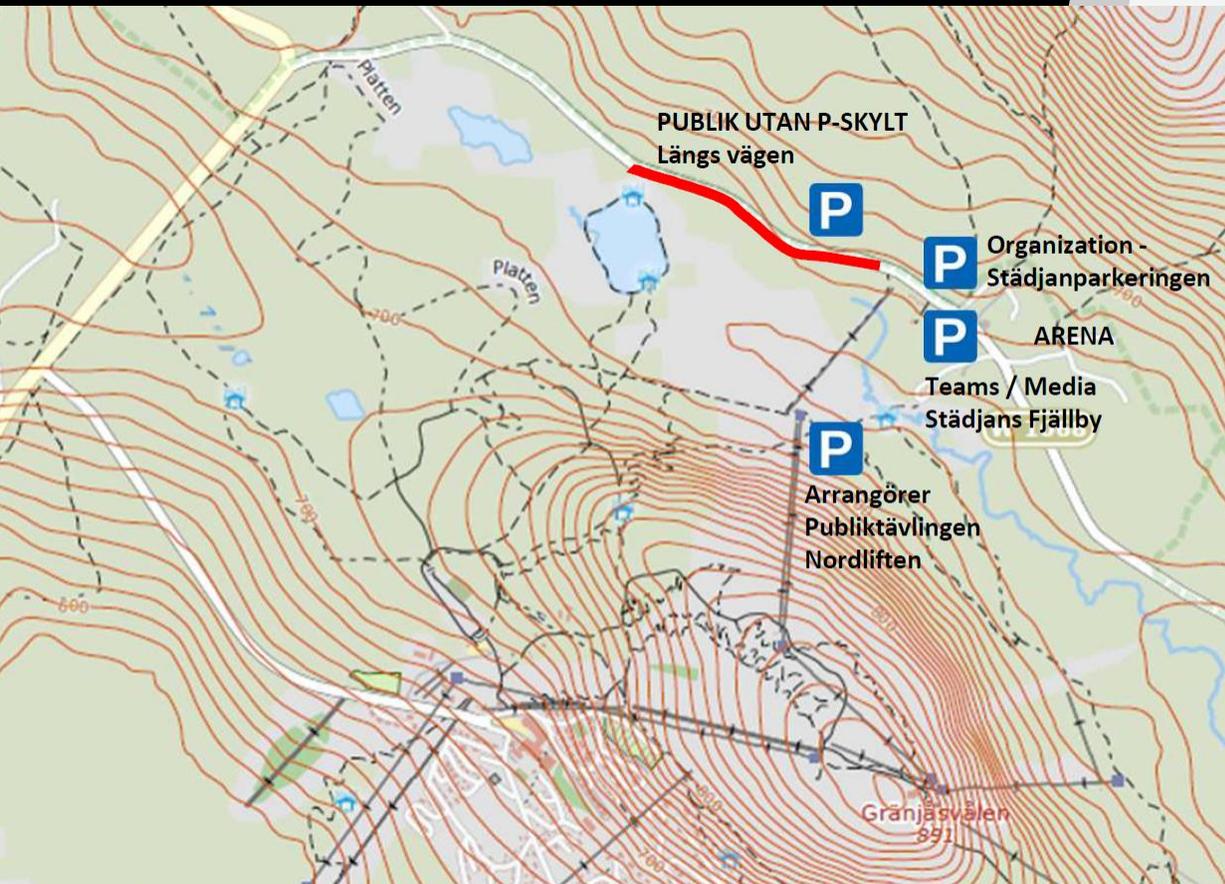

3. Specific information for Middle Distance

Women from start number 31 and Men from startnumber 232 on the start list will receive a GPS-tracking device. This will be handed when entering the pre-start.

There are only few GPS-vests available in the quarantine. So runners with own GPS-vest are encouraged to bring their own.

Some few controls are placed close to each other and control sites/forms may look very similar (contour forms). Check the control codes carefully!

The terrain of the middle distance is embargoed area even after the race.

Transport map Middle Distance

Transport:

Team officials are allowed to drive to the pre-start (but **no runners**).

All day: drive to the arena parking is possible. Follow the signs, distance to the arena: 400m.

Team officials can drive either to the pre-start or the arena parking. If driving to the arena, it is not allowed to drive to the pre-start afterwards. Once leaving the pre-start, it is not allowed to return.

After last start of your team: drive back from pre-start parking to arena or accommodation is possible.

Arena map Middle Distance

Team Officials' Meeting 13 August 2021

4. Specific information for Relay

New time schedule:

Quarantine check-in opens	11.00
Quarantine closes	12.30
Mass start MEN	12:35
Mass start WOMEN	14:45
Flower ceremony MEN	16.50
Flower ceremony WOMEN	16.55
Prize giving ceremonies	17.10

Team Officials' Meeting 13 August 2021

4. Specific information for Relay

Some few controls are placed close to each other and control sites/forms may look very similar (contour forms). Check the control codes carefully!

All runners in the relay teams will receive a GPS-tracking device. They will be handed out when entering the pre-start.

There are only few GPS-vests available at the team zone. So runners with own GPS-vest are encouraged to bring their own.

Some boulders on the map are quite small, but obvious in the terrain.

Team Officials' Meeting 13 August 2021

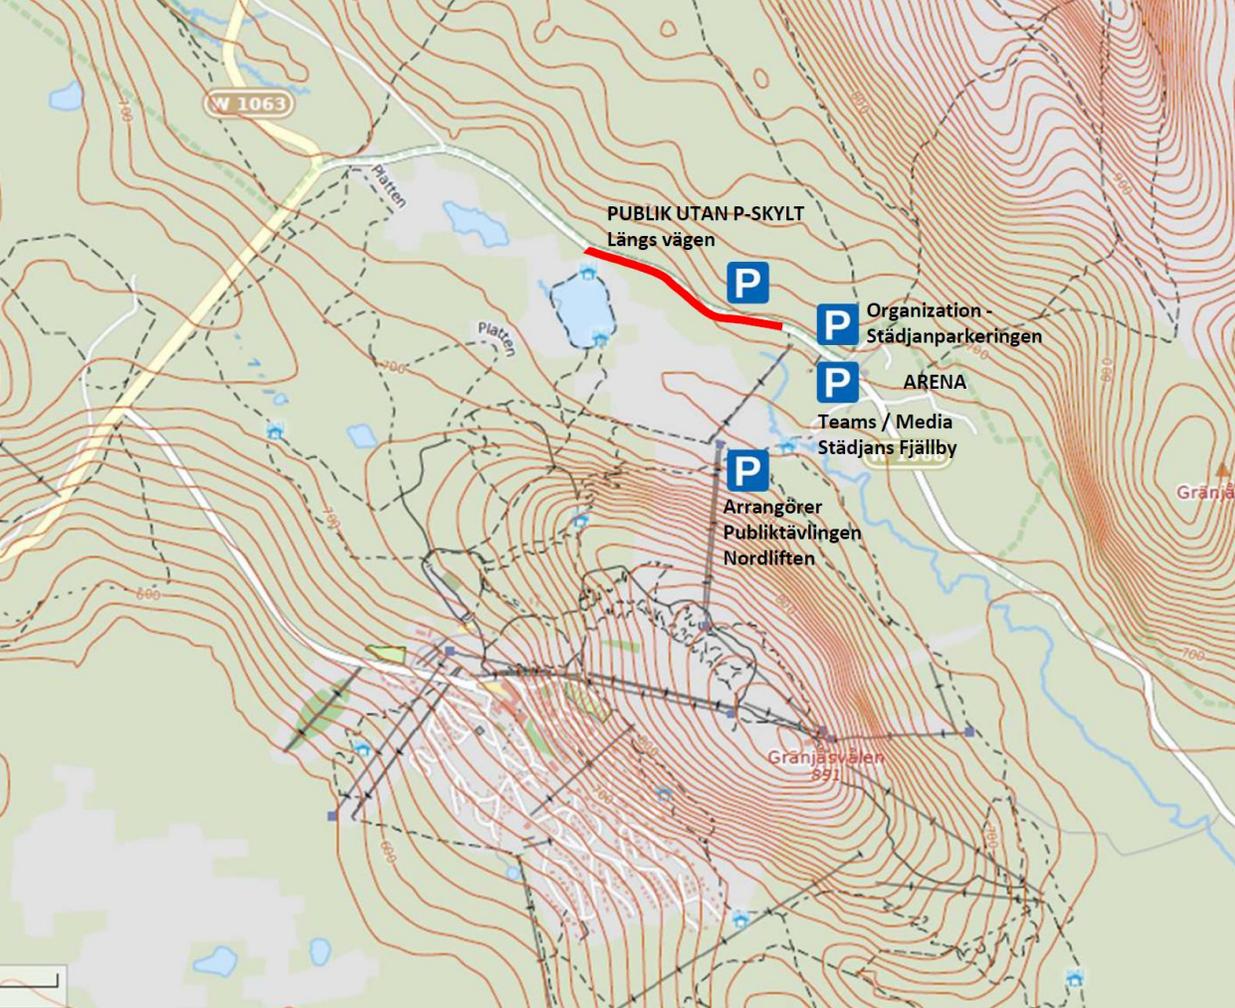

4. Specific information for Relay

After the relay is finished, the embargoe is lifted for all terrains.

Transport:

Team can drive directly to the arena team parking. Follow the signs to the parking.

Teams without a transport possibility report to the event centre until tonight.

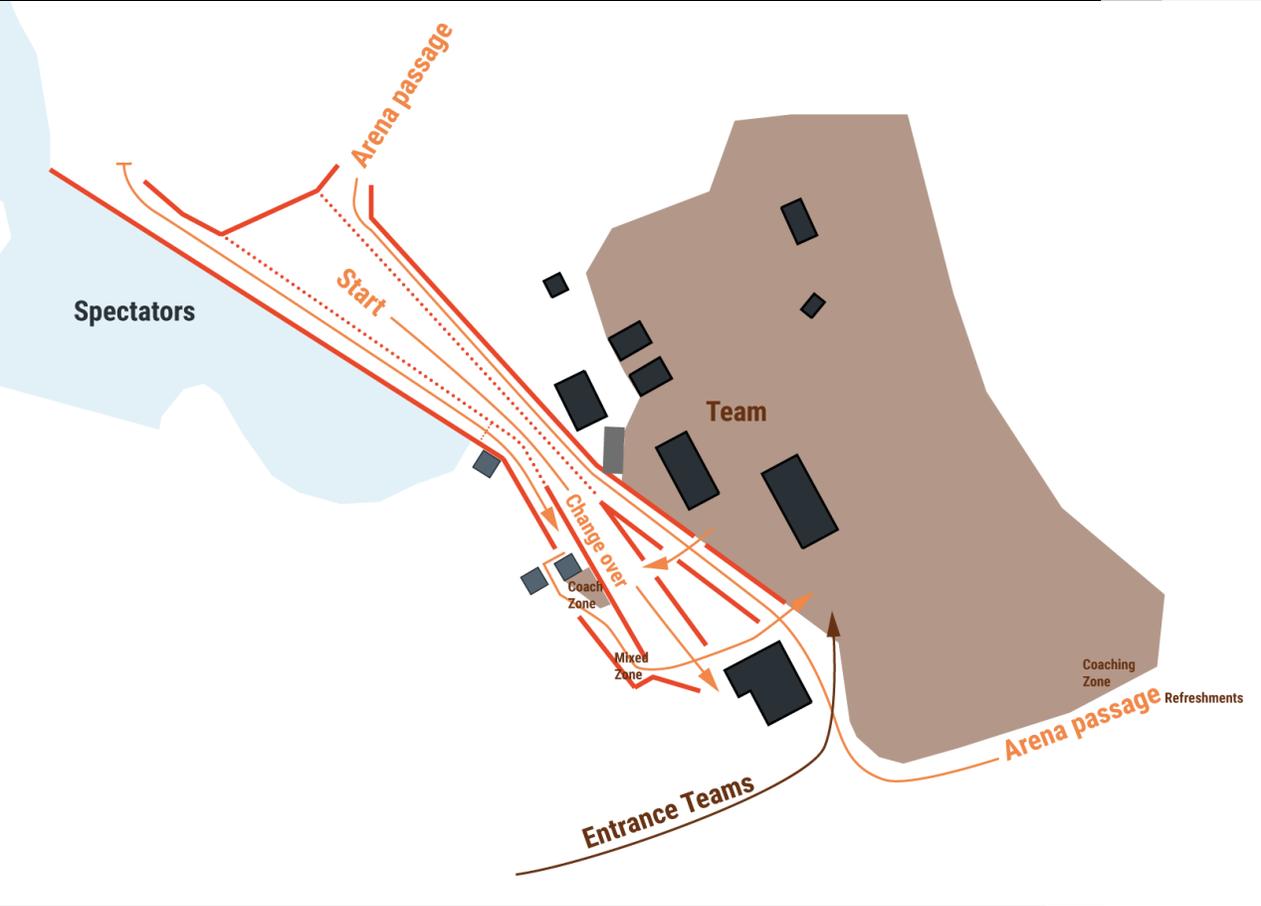

Transport map Relay

All day: drive to the arena possible. Parking at the team parking at Stadjans Fjällbyn south of the arena. It is not allowed to arrive from the southeast.

The road southeast of the arena is closed for all competition related traffic on Sunday.

Arena map Relay

Team zone/warm-up is placed on the east side of the arena.

Distance to the start point: 150m from the masstart, 100m from the change over.

The arena passage is after 80-90% of the race.

Team Officials' Meeting 13 August 2021

5. Questions and Answers

Q: Is it allowed to drive to the arena parking and park some cars there in advance?

A: Yes, no problems, this is allowed. You are of course not allowed to go to the arena before.
