Results were changed after prize giving ceremony in M18 group due to our time keeping mistake. Estonia took 4th place and Russian Federation – 5th. It is allowed for Russian Federation to submit the protest if they deem necessary. We tried contacting Russian Federation but with no success.

Today's maps & number bibs (with safety pins) will be delivered to your accommodation (hotel receptions) until 20:30.

Departure & luggage dop-off

- We will arrange home luggage (not used for the race) drop-off place at the bus stop near the quarantine area.
- This luggage will not be transported to the arena so you will have to get it by yourself after 11:45.
- Small bag drop-off will be organized as usual (bags will be delivered to arena).
- Finland can not come back to hotel due to full booking
- Israel and Portugal have different arrangements & must contact reception regarding the room where they can leave their luggage.

No changes for Turkey arrangements with Green hotel.

Quarantine: It is located in the open area. Quarantine closes 9:00. The quarantine offers warm-up area outdoors, toilets and water. Team tents may be set up (hard surface). There will be start lists and a clock showing the official competition time. Coaches are allowed to leave the quarantine at any time but after leaving, it is not possible to come back. There will be a shuttle bus between the Quarantine and the Arena for coaches.

Pre-start: The same as Quarantine. There will be a bag drop-off at the Quarantine / Pre-start. There will be start lists and a clock showing the official competition time. All competitors are strongly advised to perform the SIAC battery test in the beginning of start corridor and in case of low battery indication request a SIAC replacement.

GPS units, finish & coaching

45 last starters in W18 & M18 and 15 last starters in W16 & M16 will get GPS units.

GPS units: <u>GPS units will be handed out at the exit of the Quarantine / Pre start</u>. These units should be returned immediately after the competition.

Finish: Team officials and athletes having finished their races are not allowed to return to the competition (embargoed) area.

Coaching zone: There will not be any coaching zone at the courses.

Special information about the course

Changes from the Bulletin 3

- <u>NO new starting triangle</u> at the end of the mandatory passage (same as in Long).
- The rest is the same.
- Maps is drawn ISSprOM 2019
- 90% asphalt, 10% other ground.

Fences, controls & forbidden to cross tape

Fences which will be used in sprint area are the same as in the forest arena.

Tricky passages

In some places it is only possible to open the small door and not the whole gate. But on the map it is indicated as a wide passage – **be careful.**

Tricky passages

- Some low doors are marked with red/white tape to warn runners.
- Unfortunately, it is impossible to guard all the passages in Vilnius Old Town. It can happen that a forbidden passage will be open! It is the runners responsibility to not take it or turn and run back.

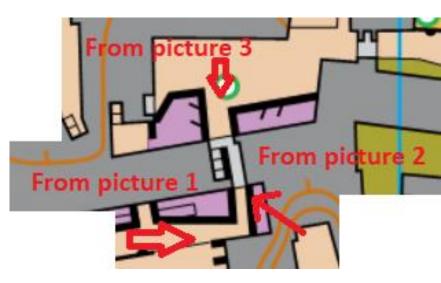

Construction areas at Vilnius University

- There is a big reconstruction ongoing inside the Vilnius University territory.
- The reconstruction is made as safe as possible with everything covered and no workers there at Sunday morning.
- All classes will pass this construction site. To make it more clear and not to get confused, we share pictures of this passage (in following slide).

Outside restaurants

 Map maker has done a incredible job to map all restaurant tables outside but last day changes in the terrain may appear. Be flexible.

 There is NO street which would be fully closed because of restaurants. You can always find a small pass on either side. Other type of closed streets may appear.

Question 4: How can we understand Cafeteria's marking on the map? What changes is it possible to see tomorrow? Where can athlete's cross cafeteria if tables are moved?

Answer 4: Athletes always can pass streets with cafeterias. There are no streets which are fully closed by cafeterias, so athlete can pass it. Closed streets are only those which are closed with fences. The absolute majority of tables are marked correctly, but last-minute changes might be possible. Also, absolute majority of cafeteria's will be open from 11 a.m. so it shouldn't be busy.

Good luck!
