Embargo	The area shown on the map (link in Eventor) is embargoed, which means it may not be used for training or competitions until after these events.		
Terrain description Long distance	The terrain varies from wild countryside to cultural landscape with mixed forests of mainly pine and spruce. Visibility and runnability vary from good to very limited. There are several dense thickets of juniper and spruce, and a few small marshes. One half of the area has numerous paths and tracks with a large number of old stone walls. There are meadows, houses and gardens around the edge of the entire area. The terrain is moderately to strongly undulating, with very steep slopes in places.
